INDEX.

A

Abeles, M. M., and Schneider, D. E., electrocardiographic changes during encephalography (20 cases), 673
Abt, A. F., erythema annulare rheumaticum, 824
Adrenalin injection effect on blood of patients with and without spleens, 14
Alabama, differential blood picture of group of rural inhabitants of, 416
Allergy in migraine-like headaches, 232
Alpers, B. J., and Yaskin, J. C., choked disc in syphilis of nervous system, 333
Amyloidosis, long-continued vaccine therapy as cause of, 88
Anemia, pernicious, and malignant neutropenia; case report, 113
variations in gastric mucosa in, 596
Anesthesia, intravenous hydrochloric acid failure to shorten, 242
Angina pectoris and heart block; as symptoms of calcareous aortic stenosis, 376
Anticoagulants, effect of, on sedimentation rate, 775
Apperly, F. L., and Baker, J. P., Jr., see Horsley, J. S., Jr., 511
Arterial spasm, acute, simple treatment of, 459
Arteriosclerosis and rheumatism, 427
Arthritis, chronic, colloidal sulphur value in treatment of, 400
Schilling count in 59 cases, with correlated sedimentation rate in 30, 98
Aull, J. C., Jr., and van de Erve, J., see Kinard, F. W., 237
Auscultatory signs, variable, of pulmonary cavities, 60

B

Bacterial flora associated with foreign bodies in trachea and bronchi, 409
invasiveness, inflammation and, 583
Bailey, F. R., and McAlpin, K. R., familial purpura; 2 case reports, 263
Bairati, A., see Momigliano-Levi, G., 610
Baker, J. P., Jr., and Apperly, F. L., see Horsley, J. S., Jr., 511
Bancroft, F. W., and Stanley-Brown, M., see Quick, A. J., 501
Barron, L. E., and Curtis, G. M., see Puppel, I. D., 756
Basal metabolic rate, estimation of, from pulse rate and pulse pressure, 371
Bellin, D. E., and Gershwin, B. S., hyperparathyroidism with renal insufficiency, 519
Bendove, R. A., variable auscultatory signs of pulmonary cavities, 60
Benedict, E. B., and Hampton, A. O., see Jones, C. M., 596
Berlin, D. D., and Blumgart, H. L., see Rudy, A., 51
Bernhard, A., and Rohdenburg, G. L., see Rafsky, H. A., 187
Bernstein, A., periarteritis nodosa without peripheral nodules diagnosed antemortem, 317
Block, Frank B., female urinary organs, 564
Blood fibrin gel and platelets, structure of, 141
picture, differential, of group of rural inhabitants of Alabama, 416
pressure study, venous, in some common diseases, 464
stream, fate of hemoglobin injected into, 856
tubercle bacilli detection in, by Loewenstein technique, 345
sugar study of epileptics, 164
urea, elevated, of acute gastro-intestinal hemorrhage and significance, 770
Bloomfield, A. L., mechanism of decrease of gastric secretion with advancing years, 325
Blumgart, H. L., and Berlin, D. D., see Rudy, A., 51
Boas, E. P., angina pectoris and heart block; as symptoms of calcareous aortic stenosis, 376
Bodman, F., psychologic background of colitis, 535
Body creatin, total, surface area, and body weight, relationship between urinary creatinin and, 237
Bone marrow, sternal, biopsy of; its value in diseases of blood-forming organs, 617

INDEX.

A

Abeles, M. M., and Schneider, D. E., electrocardiographic changes during encephalography (20 cases), 673
Abt, A. F., erythema annulare rheumaticum, 824
Adrenalin injection effect on blood of patients with and without spleens, 14

Blood fibrin gel and platelets, structure of, 141
picture, differential, of group of rural inhabitants of Alabama, 416
pressure study, venous, in some common diseases, 464
stream, fate of hemoglobin injected into, 856
tubercle bacilli detection in, by Loewenstein technique, 345
sugar study of epileptics, 164
urea, elevated, of acute gastro-intestinal hemorrhage and significance, 770
Bloomfield, A. L., mechanism of decrease of gastric secretion with advancing years, 325
Blumgart, H. L., and Berlin, D. D., see Rudy, A., 51
Boas, E. P., angina pectoris and heart block; as symptoms of calcareous aortic stenosis, 376
Bodman, F., psychologic background of colitis, 535
Body creatin, total, surface area, and body weight, relationship between urinary creatinin and, 237
Bone marrow, sternal, biopsy of; its value in diseases of blood-forming organs, 617

Breast carcinoma in one of homologous twin sisters, 331
Bronchogenic carcinoma; analysis of 54 cases with roentgenologic classification, 362
Brucellosis, 431
Bucher, C. J., bacterial flora associated with foreign bodies in trachea and bronchi, 409
Bullowa, J. G. M., pneumonias due to pneumococcus Type VIII, 65

C

Calcium and parathyroid therapy studies in chronic ulcerative colitis, 676
Calder, R. M., and Rigdon, R. H., giardia infestation of gall bladder and intestinal tract, 82
Cantarow, A., see Haskell, B., 676
Carbohydrate metabolism, experimental skin infection relationship to; glucose and sodium chlorid injected intraperitoneally, 169
in human hypothyroidism induced by total thyroidectomy, III, 51
Carbolic acid poisoning, therapy in; use of oil antidotes, 206
Carcinoma, bronchogenic; analysis of 54 cases with roentgenologic classification, 362
of breast in one of homologous twin sisters, 331
Cavities, pulmonary, variable auscultatory signs of, 60
Cerebral cortex, functional localization in, 843
Cerebrospinal fluid during and between migraine headache attacks, 226
Chemical reactions, effect of intense sound waves on, 857
Choked disc in syphilis of nervous system, 333
Clements, A. B., isolated tricuspid stenosis of probable rheumatic origin, case report, 389
Coagulation defect study in hemophilia and in jaundice, 501
Colitis, chronic ulcerative, calcium and parathyroid therapy studies in, 676
psychologic background of, 535
Colloidal sulphur value in chronic arthritis treatment, 400
Common denominator of disease, 545
Compound isolated from scallop muscle, identification of, 143
Comroe, B. I., estimation of basal metabolic rate from pulse rate and pulse pressure, 371
Cormia, F. E., and Ullery, J. C., see Vander Veer, J. B., 178
Cortex, cerebral, functional localization in, 843
Creatinin, urinary, relationship between, and total body creatin, surface area, and body weight, 237
Cretinism, experimental, pituitary in; I. Structural changes in pituitaries of thyroidectomized rats, 145
Curtis, G. M., and Barron, L. E., see Puppel, I. D., 756
Cysteic acid, cystin and methionin, absorption of, from intestinal loops of dogs, 856

D

Daland, C. A., see Patek, A. J., Jr., 14
Dameshek, W., biopsy of sternal bone marrow; its value in diseases of blood-forming organs, 617
Davison, L. W., Keller, T. B., and Livingood, C. S., II, see Zeckwer, I. T., 145
DeGowin, E. L., urinary concentration in diabetes insipidus; comparison of effects of several drugs, 747
Deliveries, planned, active *versus* conservative management of, 806
Diabetes, complete insulin resistance in, 157
insipidus, urinary concentration in; comparison of effects of several drugs, 747
Diabetic coma with extreme hyperglycemia, 683
Diencephalic stimulation, syndrome simulating, in essential hypertension patients, 9
Diffraction method, osmotic equilibrium and kinetics of osmosis in living cells by, 142
Dillon, E. S., and Dyer, W. W., diabetic coma with extreme hyperglycemia, 683
Diphtheria bacillus, variation of, 142
Disease, common denominator of, 545
Draper, G., common denominator of disease, 545
Dyer, W. W., see Dillon, E. S., 683
Dysplasia, hereditary onychial, 200

E

Eklund, C. M., see Reimann, H. A., 88
Electrocardiographic changes during encephalography (20 cases), 673
Encephalitis, fulminating hemorrhagic, 42
Encephalography, electrocardiographic changes during (20 cases), 673

Epidemiologic problems, serologic classification of hemolytic streptococci in relation to, 445
Epileptics, blood sugar study of, 164
Eppinger, E. C., and Salter, W. T., requirement in human hypothyroidism of purified human thyroid hormone at various metabolic levels, 649
Epstein, B. S., see Wasch, M. G., 362
Erythema annulare rheumaticum, 824
Erythrocyte population in splenectomized cases of hemolytic icterus, 610
van de Erve, J., and Aull, J. G., Jr., see Kinard, F. W., 237
see Kinard, F. W., 242
Etiology of toxemias of pregnancy, observation on, 811

F

Familial purpura; 2 case reports, 263
Farr, L. E., and Wegman, M. E., extreme tachycardia in newborn; case report, 22
Fever, induced, treatment of syphilis by; applicability, current methods, results, 572
therapeutic, metabolic rates in, 491
Fitz-Hugh, T., Jr., see Weinstein, G. L., 106
Flaxman, N., variability of murmurs in mitral stenosis, 396
Foreign bodies in trachea and bronchi, bacterial flora associated with, 409
Freyberg, R. H., study of value of insulin in undernutrition, 28

G

Galactose, metabolism of, III and VII, 686, 701
Gall bladder and intestinal tract, giardia infestation of, 82
function, studies of; XII. Composition of "white bile," 655
Garner, V. C., see Stokes, J. H., 572
Garrett, T. C., pellagra; cases admitted to Pennsylvania Hospital since 1922, 525
Gastric mucosa, variations in, in pernicious anemia, 596
secretion, mechanism of decrease of, with advancing years, 325
Gastro-intestinal hemorrhage, acute, elevated blood urea of, and significance, 770
Gaucher's disease of late onset with kidney involvement and huge spleen, 511
Geiger, A. J., see Goodman, L., 206
Gershwin, B. S., see Bellin, D. E., 519
Giardia infestation of gall bladder and intestinal tract, 82
Glomerulonephritis, acute, scarlet fever and rheumatic fever in North America, comparative study of geographic distribution of, 383
Goldbloom, A. A., and Lieberson, A., see Held, I. W., 791
Goldsworthy, E., and Hodapp, A., see Greisheimer, E. M., 775
Goodman, L., and Geiger, A. J., therapy in carbolic acid poisoning; use of oil antidotes, 206
Goodner, K., and Lancefield, R. C., see Swift, H. F., 445
Greisheimer, E. M., Hodapp, A., and Goldsworthy, E., effect of anticoagulants on sedimentation rate, 775
Gruskin, B. J., and Ressa, A. A., see Rawls, W. B., 400
Guttman, M. R., suppuration of petrous pyramid, 849

H

Hampton, A. O., and Benedict, E. B., see Jones, C. M., 596
Haskell, B., and Cantarow, A., calcium and parathyroid therapy studies in chronic ulcerative colitis, 676
Headache attacks, migraine, cerebrospinal fluid during and between, 226
Headaches, migraine-like, allergy in, 232
Heart block and angina pectoris; as symptoms of calcareous aortic stenosis, 376
Held, I. W., Goldbloom, A. A., and Lieberson, A., "tight" (non-regurgitant) mitral stenosis; clinico-pathologic study, 791
Hemoglobin injected into blood stream, fate of, 856
Hemolytic icterus, erythrocyte population in splenectomized cases of, 610
Hemophilia and jaundice, coagulation defect study in, 501
Hemorrhage, accessible, tiger-snake venom in treatment of, 779
acute gastro-intestinal, elevated blood urea of, and significance, 770
Hemorrhages, recurrent, into retina and vitreous, 286
Hemorrhagic encephalitis, fulminating, 42
Hereditary onychial dysplasia, 200
Herndon, R. F., pernicious anemia and malignant neutropenia; case report, 113
Heterophil antibody test in leukemia and leukemoid conditions, 106

Hirst, J. C., active *versus* conservative management of planned deliveries, 806
Hobbs, M. E., hereditary onychial dysplasia, 200
Hodapp, A., and Goldsworthy, E., see Greisheimer, E. M., 775
Horsley, J. S., Jr., Baker, J. P., Jr., and Apperly, F. L., Gaucher's disease of late onset with kidney involvement and huge spleen, 511
Hydrochloric acid, intravenous, failure of, to shorten anesthesia, 242
Hyperglycemia, extreme, diabetic coma with, 683
Hyperparathyroidism with renal insufficiency, 519
Hyperplasia, basophilic, of pituitary, in essential hypertension, 1
Hyperproteinemia, multiple myeloma with; case report, 245
Hypertension, acute vasospastic; case with signs of cerebral irritation and severe retinitis with remission, 454
essential, basophilic hyperplasia of pituitary in, 1
syndrome simulating diencephalic stimulation in patients with, 9
studies in; I. Production of experimental hypertension, etc., 187
Hypothyroidism, human, carbohydrate metabolism in, induced by total thyroidectomy, III, 51
requirement in, of purified human thyroid hormone at various metabolic levels, 649

I

Immunologic and pathologic problems in virus field, 435
Infection, incidence of, with intestinal protozoa in Minnesota, 103
Inflammation and bacterial invasiveness, 583
Infra-red photography, collateral venous circulation demonstration in abdominal wall by, 478
Ingegno, A. P., elevated blood urea of acute gastro-intestinal hemorrhage and significance, 770
Insulin resistance, complete, in diabetes, 157
study of value of, in undernutrition, 28
Intestinal protozoa in Minnesota, incidence of infection with, 103
tract, and gall bladder, giardia infestation of, 82
Intracellular acidity and Roentgen ray sensitivity, relation between, 142
Intracranial lesions, recognition of some form of, 220

J

Jaundice and hemophilia, coagulation defect study in, 501
Johnson, C. A., Osborne, S., and Scupham, G., studies of peripheral vascular phenomena; IV. Artificial fever effect on pulse volume changes of finger, 485
Johnson, G., functional localization in cerebral cortex, 843
Johnston, C. G., Ravdin, I. S., and Morrison, P. J., see Riegel, C., 655
see Ravdin, I. S., 280
Jones, C. M., Benedict, E. B., and Hampton, A. O., gastric mucosa in pernicious anemia, 596
Jones, E., collateral venous circulation demonstration in abdominal wall by infra-red photography, 478
Jost, E. L., and Seegal, E. B. C., see Seegal, D., 383
Joyce, T. F., and Otis, L., see Tyson, G. N., Jr., 164

K

Kabler, P., incidence of infection with intestinal protozoa in Minnesota, 103
Kaplan, I. I., carcinoma of breast in one of homologous twin sisters, 331
Keith, N. M., and Wagener, H. P., acute vasospastic hypertension; case with signs of cerebral irritation and severe retinitis with remission, 454
Keller, T. B., Davison, L. W., and Livingood, C. S., II, see Zeckwer, I. T., 145
Kidney, amphibian, urine formation in, 727
Kienboeck phenomenon, relation to; paradoxical pleural pressures, 256
Kinard, F. W., and van de Erve, J., intravenous hydrochloric acid failure to shorten anesthesia, 242
Aull, J. C., Jr., and van de Erve, J., relationship between urinary creatinin and total body creatin, surface area, and body weight, 237
Klotz, O., arteriosclerosis and rheumatism, 427
Kopp, I., metabolic rates in therapeutic fever, 491

Krahulik, L., Rosenthal, M., and Loughlin, E. H., periarteritis nodosa (necrotizing panarteritis) in childhood with meningeal involvement; case report of pathologic findings, 308
Kulcher, G. V., see Pillsbury, D. M., 169

L

Lancefield, R. C., and Goodner, K., see Swift, H. F., 445
Lehman, E. P., simple treatment of acute arterial spasm, 459
Lenke, S. E., see Rosenfeld, S., 779
Lesions, intracranial, recognition of some forms of, 220
Leslie, C. J., and Zwemer, R. L., muscular activity influence on physiologic leukocytosis, 92
Leukemia and leukemoid conditions, heterophil antibody test in, 106
Leukocytosis, physiologic, muscular activity influence on, 92
Levinson, A., and Saphir, O., fulminating hemorrhagic encephalitis, 42
Lieberson, A., and Goldbloom, A. A., see Held, I. W., 791
Living cells, osmotic equilibrium and kinetics of osmosis in, by diffraction method, 142
Livingood, C. S., II, Keller, T. B., and Davison, L. W., see Zeckwer, I. T., 145
Loewenstein technique, tubercle bacilli detection in blood stream by, 345
Loughlin, E. H., and Rosenthal, M., see Krahulik, L., 308
Lymphopathia venereum (lymphogranuloma inguinale); its relation to rectal stricture, 178

M

McAlpin, K. R., see Bailey, F. R., 263
McCarter, J. C., see Middleton, W. S., 291
McCoy, G. W., brucellosis, 431
McPhedran, F. M., distribution and prognosis of pulmonary lesions associated tuberculous and non-tuberculous, 659
Mediastinal tumors, 720
Meningeal involvement, periarteritis nodosa (necrotizing panarteritis) in childhood with; case report of pathologic findings, 308
Menkin, V., inflammation and bacterial invasiveness, 583
Menstrual interval, human, systematic variation in, 641
Merritt, H. H., see von Storch, T. J. C., 226
